

grid based quilting Attendee Information

Hello! Thanks so much for signing up the class! I appreciate your adventurous spirit and curious nature. Here are the details...

Choose your Device

Plan to join the class using a device that you can keep near you in your sewing space. *The larger the screen the better for your visibility.* Think about how you will keep it powered during class.

After you have decided on your device, make sure you have the free Zoom software installed. If your device is a laptop or desktop computer, please visit <https://www.zoom.us/download> to download and install. This is a free download and you will not need to register. If you will join from a tablet or phone, please visit your app store and download the free Zoom app. Do this prior to the event so you don't miss anything! If you would like to check that you did this step correctly you can join a [Zoom Test Meeting](#) anytime to make sure.

Joining the Class

When you register, and again the day before the class, you will receive an email that includes a link to the private Zoom class meeting. When you are ready to join the class on the class day, click the link in your reminder email. You will see a pop-up message asking if you want to open the link in Zoom. **Click "Allow"**.

The classroom will open 15 minutes prior to the official class starting time to allow you to get settled with your technology and connect with me about any questions you have. If you have not joined the class by the meeting start time you may have to wait for me to let you in while I begin class introductions. Try to get in the class at least a couple minutes early!

Grid Based Quilting

workshop with Christina Cameli

Supply List

- Thread
- Quilting gloves (I recommend Fons and Porter quilting gloves)
- Small scissors
- Temporary fabric marker
- Notebook for sketching (you may enjoy having graph paper for this class, but unlined paper will work fine too)
- Pen for sketching
- Book: (optional) Step-by-Step Texture Quilting (includes other shapes of grids!). You can buy a digital copy [here](#).

Fabric requirements

- 2 fat quarters (solids are best for these exercises)
- 2 pieces of batting 22" x 26" each
- 2 pieces of muslin (or any fabric for backing) 22" x 26" each

Prep to do before class

- Baste both quilt sandwiches (fat quarter, batting, muslin) as desired.
- Using the included instructions, and a walking foot, quilt the basted sandwiches with a 1 1/2" grid.
- If you happen to run out of time, it is also fine to mark the grids on your quilt sandwiches instead of quilting them.

Optional

- Sometimes quilters need to sit up a little higher for comfortable free-motion quilting. Bring a firm pillow (or a folded up quilt!) to sit on if you would like this option.

Making a Grid with a Walking Foot

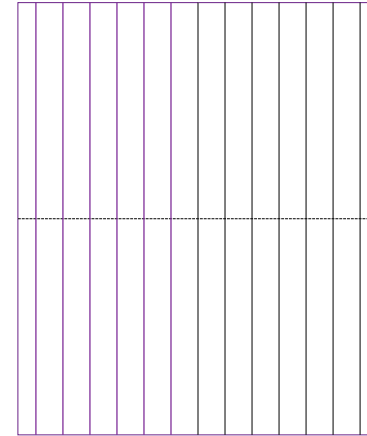

Attach your walking foot (and quilting guide, if you have one) to your machine.

1. Mark a center line in each direction. Quilt the vertical line, and leave the horizontal one unquilted.

2. To one side of quilted line, quilt evenly spaced lines 1 1/2" apart, working from the center outward.

3. Rotate the quilt 180° to quilt evenly spaced lines from the center outward to the other side of the center line.

4. Rotate the quilt and quilt the other marked line. Quilt evenly spaced lines 1 1/2" apart, to either side of the center line.
